

Nature Education – Requirements Checklist

To receive the course certificate, you must: (1) **Write reflections** by responding questions on weekly discussion boards (one each week), (2) **Write comments** for another course participant on discussion board (at least one each week), (3) **Post reflections on any webinar** in this course. To be able to write reflections, you need to participate in at least one live weekly webinar; but if webinar times are inconvenient, you can watch a recorded webinar (which will be posted on EdX Edge), and (4) **Submit** one-page final project by the last day of the course (May 14th). We absolutely cannot accept any assignments after May 14th.

Check off all boxes by May 14th:

- Week 1**
- Write reflections on discussion board
 - Write at least one comment for others
- Week 2**
- Write reflections on discussion board
 - Write at least one comment for others
- Week 3**
- Write reflections on discussion board
 - Write at least one comment for others
- Week 4**
- Write reflections on discussion board
 - Write at least one comment for others
- Week 5**
- Submit your one-page final project**
- Any week**
- Post reflections about any webinar**
